Conclusions

Good News:

- The State economy has performed better than predicted.
- SCCOE will be eligible for State and Federal COVID-19 Relief Funds, but revenues will be restricted to extraordinary costs.
- Maintaining Positive Certification; Able to meet obligations for current and next two fiscal years.
- Revenue from grants and contracts from partnerships strengthen our fiscal position.

Challenges:

- While the Governor's proposed budget includes increased revenues tied to Cost of Living Adjustment (COLA), SCCOE remains flat funded under the Local Control Funding Formula (LCFF) and Special Education Funding is not proposed to receive the full compounded COLA.
- It is yet to be determined if any Federal Emergency Management Agency (FEMA) reimbursement will be received will continue to track COVID-19 related activities and expenditures.

The County Superintendent's Executive Summary to the Board of Trustees for the Second Interim Financial Report of the 2020-2021 School Year

Background: Why we do a First and Second Interim?

California public schools have a unique framework for financial oversight. Assembly Bill 1200 (AB1200) was created to ensure that local educational agencies (LEAs) in California were prepared to meet their financial obligations. The law was rooted in the concerns that arose following the bankruptcy of Richmond School District, and the fiscal collapse of a few other districts that were preparing to seek emergency loans from the state. Through the passage of AB1200, the legislature proclaimed that California's 1,000-plus school districts need to maintain balanced budgets. This legislation emphasized fiscal procedures, standards, and accountability. California schools are required to do multiple year budget projections and interim financial reports throughout the year.

The codification of this can be found in Education Code Section 1240 requiring that county offices submit two reports to the County Board during each fiscal year. The first interim report reflects actual revenues and expenditures for the period of July 1 through October 31 and includes any updates to budget projections for the remainder of the fiscal year and two subsequent fiscal years. The second report, second interim, reflects actual revenues and expenditures from July 1 through January 31 and includes any updates to budget projections for the remainder of the fiscal year and two subsequent fiscal years. This requirement assists with the budget monitoring process and reporting of county offices' ability to meet financial obligations.

Introduction: What is the SCCOE's Budget Picture?

As a result of the Local Control Funding Formula, the Santa County Office of Education (SCCOE) is flat funded and receives essentially the same amount of revenue for county services from the state annually. SCCOE is also a basic aid county office that is required to return local property taxes in excess of the funding received under the Local Control Funding Formula to the state pursuant to Education Code section 2575(e) and 2578. The other portion of the budget, approximately 75% of the Office's budget, is restricted for specific purposes or uses. A majority of these restricted funds are generated from service payments paid by the 31 K-12 school districts in Santa Clara County for important programs such as special education, early education, alternative education, and professional services. Over the last few years, expenditures have increased due to increases in cost of living, pension costs, and changes in laws. This has caused ongoing pressures within the budget that require diligence and proactive management. It also requires sensitivity to the financial impact on the school districts who fund the majority of the programs we offer and face fiscal challenges, declining enrollment, and other budget limitations. It is important to note that declining enrollment trends adversely impact both the SCCOE programs and its districts.

In response to the current economic situation and the impact of COVID-19, we have endeavored to keep critical county programs supported while remaining steadfast in our efforts to provide students with safe and equitable learning environments. Continuous support has been provided to students, families and school districts as they continue to navigate through the challenges of distance learning. Digital equity has been identified as a major obstacle in distance learning for many underserved families throughout the community and we are committed to actively work to close the digital divide through partnerships with the Santa Clara County Board of Supervisors, the City of San Jose, San Jose Public Libraries and community partners. To assist with these efforts, the Santa Clara County Board of Supervisors awarded SCCOE \$7.1 million to facilitate the purchase and distribution of digital devices and hotspots for students throughout the County. Further, donations from private donors, California Emerging Technology Fund (CETF), Lam Research and our COVID-19 Education Partnership with the Silicon Valley Community Foundation (SVCF) support our continued investments in devices and connectivity.

Through partnership, advocacy, and the hard work and expertise of staff, we have been awarded grants and contracts for key initiatives such as: Learning Communities for School Success Program, Stabilization of Family Child Care Homes to increase access to high quality childcare in Santa Clara County, COVID-19 Response Efforts, Tobacco Use Prevention Education, Foster Youth Support, and other important initiatives that align with SCCOE priorities and our core principles.

- Donations from community and new business in support of our coordination roles, in digital equity, childcare, COVID-19 PPE distribution, meals distributions and feminine care product distributions.
- Funds from County and City to temporarily extend half day Head Start to full day.

Highlights for Second Interim:

- Second interim reporting reflects a positive certification, meaning that the SCCOE will meet its financial obligations for the current and two subsequent fiscal years.
- Increased restricted grant and contract revenue of approximately \$10.7 million designated solely for specific actions and deliverables.

Conclusion: Next Steps

We are facing many challenges and uncertainties ahead. We, however, remain committed to investing our resources for the greatest impact and to promote equity, diversity, inclusion, and partnership in public education. We continue the work of aligning our personnel, partnerships, programs and resources to meet the challenges before us and address the needs of our county's students, their schools, and community for the greatest impact and with necessary agility. The SCCOE is fiscally solvent. We must remain fiscally conservative through strategic and thoughtful investments and continue to leverage partnerships throughout the community, county and state in order to remain so.

Sincerely,

Mary Ann Dewan, Ph.D.

County Superintendent of Schools

SECOND INTERIM FINANCIAL REPORT
2020-21**

INTRODUCTION

Education Code Section 1240(l)(1)(A)(B) requires that the County Office of Education submit two reports during the fiscal year to the County Board of Education. The first report shall cover the actual revenues and expenditures of the County Office of Education for the period from July 1 through October 31, and update projections for the balance of the year. The second report shall cover the period ending January 31, and update projections for the balance of the year. Both reports shall be reviewed by the County Board of Education and approved by the County Superintendent no later than 45 days after the close of the period being reported.

The information presented in this document covers the financial and budgetary status of the County Office of Education for the period ending January 31, 2020 and is referred to as the Second Interim Financial Report. The information is used to determine if the county office is able to meet its financial obligations for the remainder of the current fiscal year and the two subsequent fiscal years. Assumptions are used in preparing the Second Interim report and the Multi-Year Projection.

The County School Service Fund (CSSF), which is the Santa Clara County Office of Education's main operating fund, is made up of unrestricted and restricted funds. Restricted funds are accounted separately because they are earmarked dollars and restricted for specific purposes. As of the Second Interim, the SCCOE is projecting a total Ending Fund Balance of approximately \$52.4M. Of this amount, \$13.6M is for Economic Uncertainty (2% is mandated by the State and an additional 2% per Board Policy #3100). Another \$24.3M is assigned for specific purposes. The remaining unassigned amount is approximately \$14.5M.

*These program rates may be different from the 2020-21 SCCOE standard indirect cost rate of 10.15% for SCCOE due to Grant agency restrictions that limit the indirect cost rate to a level less than the State approved rate, or based upon the County Superintendent's approval. The SCCOE standard Indirect Cost Rate decreased from 10.15% in 2020-21 to 9.96% in 2021-22.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 18,774,454.00
- 2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 172,845,817.00

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 10.86%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. _____
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	<u>23,598,030.60</u>
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	<u>0.00</u>
2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (10.15%) times Part III, Line B19); zero if negative	<u>0.00</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (10.15%) times Part III, Line B19) or (the highest rate used to recover costs from any program (9.85%) times Part III, Line B19); zero if positive	<u>(420,918.44)</u>
D. Preliminary carry-forward adjustment (Line C1 or C2)	<u>(420,918.44)</u>
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>9.50%</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment (\$-210,459.22) is applied to the current year calculation and the remainder (\$-210,459.22) is deferred to one or more future years:	<u>9.59%</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment (\$-140,306.15) is applied to the current year calculation and the remainder (\$-280,612.29) is deferred to one or more future years:	<u>9.62%</u>
LEA request for Option 1, Option 2, or Option 3	<u>1</u>
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	<u>(420,918.44)</u>

Approved indirect cost rate: 10.15%
 Highest rate used in any program: 9.85%

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The county office of education must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the California Department of Education (CDE) with an analysis of the cost of the settlement and its impact on the operating budget.

The CDE shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the governing board and the county superintendent of schools.
