INTRODUCTION

This report summarizes the 2014 findings of specific monitoring responsibilities of the County Superintendent of Schools as identified by the Williams Settlement and subsequent legislation in four key areas:

1. **Instructional materials** – Students must have sufficient access to standards aligned materials or textbooks;
2. **Facilities maintenance** – Schools must be in “good repair” (safe, clean, and functional);
3. **Teacher credentialing** – Teachers must have proper certification or training, especially for classes with 20% or more English Learners (EL); all classes must be assigned a permanent teacher of record; and
4. **Public reporting** – School Accountability Report Cards (SARC) must include information on Williams; non-compliance with Williams must be incorporated in Uniform Complaint Procedures and classroom posting of notices.

Teacher credentialing was monitored during the 2013-14 school year and teacher vacancies were monitored during the first semester of the 2014-15 school year.

All instructional materials and facilities monitoring was conducted during fall 2014 based upon a list of Deciles 1-3 schools according to 2013 Base API scores and/or schools designated under the Quality Education Investment Act (QEIA).

SUMMARY OF FINDINGS

Based upon the 2013 Base API results and/or QEIA designation, there were 49 schools in 11 school districts that were subjected to instructional materials and facilities monitoring that required physical inspections. The 49 schools had a combined 2013-14 enrollment of 35,605, approximately 13% of the total 2013-14 enrollment in Santa Clara County (n = 276,175). The type of school (elementary, middle or high) is designated by (E), (M), or (H) in the table below.

District Name	School Name (N = 49 schools)	2013-14 Enrollment**	2013 API Decile Ranking

Instructional Materials

Students must have sufficient access to standards aligned materials or textbooks.

All Decile 1-3 and/or QEIA schools must be visited within the first four weeks of the school year. A sampling methodology is used, in which at least one in every five classes in every section, by grade and/or by subject, is visited by a Williams monitor to determine that each student has a district adopted, standards aligned textbook for use in class and at home.

In the fall of 2014, staff from the Santa Clara County Office of Education (SCCOE) visited 824 classrooms. Williams monitoring was first implemented in the spring of 2005. In that first year, 19 of the 40 (48%) schools monitored had classrooms that were found to be deficient. In the fall of 2011, 8 of the 51 (16%) schools monitored had deficiencies. In the fall of 2012, 5 of the 51 (10%) schools monitored had deficiencies. In the fall of 2013, 14 of the 49 (29%) schools monitored had deficiencies. In the fall of 2014, 4 of the 49 (8%) schools monitored had deficiencies. Thirty (30) classrooms (4%) in those 14 schools were found to have insufficient textbooks during the initial inspection. All textbook insufficiencies were corrected within five days of the initial inspection (corrections may include placing orders to the textbook publisher).

2014 Instructional Materials Summary					
Number of Districts Visited	Number of Schools Visited	Number of Classrooms Visited	Number of Classrooms with Insufficient Books (initial inspection)	Number Textbooks Needed (initial inspection)	Number of Textbooks Needed (final)
11	49	824	30	173	0

Facilities Maintenance

Schools must be in "good repair" (safe, clean, and functional).

All Decile 1-3 (2013 API) and/or QEIA schools are subject to facility inspection by staff from the SCCOE. The inspections are conducted by teams using the Facilities Inspection Tool (FIT), developed by the California Department of Education's Office of Public School Construction to determine if a school is in "good repair" as defined by Education Code Section 17002(d) and to provide a rating of its condition. The FIT was first used in 2007 and was revised in 2009. The FIT evaluates school facilities in 15 areas and an overall "good repair" rating is determined according to the following standards:

Rating	Overall Score
Exemplary	99% – 100%
Good	90% – 98.9%
Fair	75% – 89.9%
Poor	0% – 74.9%

The 15 areas of facility review are:

- Gas Leaks
- HVAC Mechanical Systems
- Windows/Doors/Gates/Fences
- Interior Surfaces
- Hazardous Materials
- Structural Damages
- Fire Safety
- Electrical
- Pest/Vermin Infestation
- Drinking Fountains
- Restrooms
- Sewer System
- Roofs
- Playgrounds/School Grounds
- Overall Cleanliness

The 49 schools monitored in fall 2014 received an average rating of "Good" with an average score of 97.0%. This is the highest overall average since 2007.

Year	Santa Clara County Average Score	Rating
2007	98.4%	Good
2008	96.3%	Good
2009	95.4%	Good
2010	93.0%	Good
2011	93.0%	Good
2012	93.6%	Good
2013	94.6%	Good
2014	97.0%	Good

Teacher Credentialing

Teachers must have proper certification or training, especially for classes with 20% or more English Learners; all classes must be assigned a permanent teacher of record.

Staff from the SCCOE Credentials Department monitors all visited Williams schools to ensure that teachers are appropriately credentialed for their assignment, including authorization for teaching students who are designated English Learners. This monitoring is conducted over the course of the school year, and the findings of the 2013-14 monitoring are presented in this report.

In 2013-14 a total of seven teacher misassignments were identified (three in East Side Union High School, one in Franklin-McKinley Elementary School District, one in San Jose Unified School District, and two in Sunnyvale Elementary School District). All seven were corrected within 30 days of being identified. Details regarding teacher misassignments are included in the monitoring of findings by school district later in this report.

The Credentials Department also monitors teacher vacancies in visited Williams schools. A vacancy is defined as existing when a permanent, credentialed teacher has not been assigned for the school year. In the first semester of 2014, nine (9) teacher vacancies were found in the 49 schools (3 in Alum Rock Union School District, 1 in East Side Union High School District, 1 in Morgan Hill Union School District, and 4 in San Jose Unified School District).

2014 Williams Teacher Monitoring Summary

Number of Districts Monitored (First Semester 2014)	Number of Schools Monitored (First Semester 2014)	Misassignments (2013-14)	Vacancies (First Semester 2014)
11	49	7	9

Public Reporting

School Accountability Report Cards (SARC) must include information on Williams; non-compliance with Williams must be incorporated in Uniform Complaint Procedures and classroom posting of notices.

The Williams Settlement requires school districts to establish procedures for notifying parents, teachers, students, and community members of their rights and to make complaints regarding compliance with Williams requirements for instructional materials, teacher qualifications and vacancies, and facilities. Districts are required to post notices of these rights in all classrooms and to establish procedures for responding to and resolving the complaints. Additionally, districts are required to report to their elected boards on the number, type of complaint (i.e., textbooks, teachers, or facilities), and status (resolved/unresolved) of complaints on a quarterly basis.

The districts are also required to submit these quarterly reports to the County Superintendent of Schools. Since 2008, compliance with the Valenzuela Settlement (regarding the provision of supplementary support and instruction to students who had not passed the California High School Exit Exam – CAHSEE) was included in the reporting requirements. A summary of the number and type of complaints for Santa Clara County (all 31 districts and Metropolitan Education District and the Santa Clara County Office of Education) is presented in the following table.

Williams & Valenzuela Complaints Summary 2013-14				
District	Textbooks	Vacancies & Misassignments	Facilities	CAHSEE Instruction
East Side Union High School District	0	0	1	0
San Jose Unified School District	0	2	1	0
Santa Clara Unified School District	3	2	0	0
