- **Distribution of 2018-19 SCCOE Excess Block Revenue by Pupil Count:** Per SELPA Budget Allocation Plan, any SCCOE reserve in excess of 2% will be returned to districts on a rate-per-pupil-attending-COE-programs basis. In 2018-19, the amount of SCCOE reserve in excess of 2% is \$2,048,835 of which 37.14% or \$760,932 will be returned to NW SELPA.

B. SELPA Exec Director Updates

- 1) **Siras Contract Renewal** – the Siras Systems contract is due to be renewed at the end of the 2019-20 school year. The current total contract cost is \$225,340, based on \$10/student from the June 2018 Special Ed Pupil Count. There is an anticipated increase in cost if we renew due to a possible higher per-pupil cost and increase in number of students with disabilities per the June 2019 Pupil Count.

- 2) **CDE Compliance and Monitoring Activities** – an overview was provided of districts that were identified to undergo the following CDE monitoring activities: Targeted Review, Intensive Review, Preschool Review, and Significant Disproportionality. CDE will be conducting workshops at the SCCOE in March and April to help address questions by the different LEAs that fall into these categories.
- 3) **Governor’s Budget Proposal affecting SELPAs** – Director Leo Mapagu shared that there is continued appropriation of \$645 million from 2019-2020 State Budget to increase special ed base rates. There is a new special ed funding formula based on a three-year rolling average of average daily attendance (ADA) at the LEA level. The potential Impact to SELPAs is that after redistribution of revenue per MOU1&2, base rates of some Santa Clara SELPAs may be below or above the State proposed rate. Leo also mentioned that there is an additional \$250 million in one-time funding to school districts based on preschoolers with disabilities.
- 4) **SCCOE-SELPA-NPAs Collaborative** - the SELPA AU is working with SCCOE to negotiate rates and establish contracts with NPAs and create a process so LEAs can use SCCOE-contracted NPAs to provide related special education services.
- 5) **SCCOE Rebenching Rates** – Leo shared some highlights from the recent SCCOE Rebenching meeting, which included consolidation of 23 classes, elimination/addition of special ed positions, assigning students based on need and not on block program, salaries and benefits, transportation deficit, and indirect cost at 9%.
- 6) **SELPA Activities: Professional Development, Fiscal, Data**
Professional Development - SELPA AU has offered 20 professional development workshops since August that were attended by 602 participants.
Fiscal – SELPA AU has submitted the SELPA Tax Allocations, Federal IDEA Expenditure reports, NPS Extraordinary Cost Pool Claims, State & Federal Apportionment Distribution, 2nd Interim Special Ed Revenue Projections, and SCCOE Special Ed Cost Projections.
Data – SELPA AU has processed Fall-1 CALPADS Special Ed reports, DRDP Fall 2019 data, TOMS ELPAC/SBAC information.
- 7) **Other Updates** – the Local Plan Committee will meet one last time in February to complete the Local Plan draft documents. This will be shared with the CAC in March 2020 for their final input, then with the Executive Councils in May/June 2020 for approval. The Local Plans shall be adopted by the governing boards of each LEA in the 2020-21 school year.
