2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Alternative Education Department (AED) Goal

To treat the needs of the whole youth ensuring that they grow in our programs with an enhanced academic and social skills set, a belief in their ability to succeed, and the knowledge that they have a team to support them.

AED Mission

Our students will learn in a personalized environment that fosters human dignity and promotes academic, social, emotional, and personal success.

AED Services

The Alternative Education Department (AED) provides educational services for students, grades 6-12 who have been referred due to court placement, expulsion from local school districts, or referrals from local school districts for specialized academic support. Students receive instruction while incarcerated at Osborne Juvenile Hall or the William F. James Ranch facility. Expelled and other referred students receive academic and social emotional services at Sunol Community School or South County Community School. An independent study program is available for students referred by home school districts for specialized instruction. Students are provided a broad course of study aligned to California Academic Standards with specialized courses to support college and career readiness and career technical education. The AED in collaboration with Probation and other community partners focuses on successful transition of students through graduation, post-secondary placement and support, or return to district. Santa Clara County Office of Education Alternative Education Department is fully accredited by the Western Association of Schools and Colleges (WASC) and is committed to providing an educational environment that promotes the development of literacy, 21st century skills, resiliency and appropriate social skills that will enable students to have a successful life.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0	0
Misassignments	0	0
Vacant Positions	0	0
Total Teachers Without Credentials and Misassignments	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0	0
Local Assignment Options	6.5	0
Total Out-of-Field Teachers	6.5	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

School Facility Conditions and Planned Improvements

The Santa Clara County Community Schools serve students in middle and high school and independent study. SCCOE Community School sites include Sunol Community School in San Jose and South County Community School in Gilroy. Recent upgrades were made to classrooms and security systems as well as building infrastructure. FIT reports for 2023-24 were completed as follows: Sunol Community School -October 4, 2023 and South County Community School September 5, 2023. Both facilities received "good" ratings in all categories with a final score of "exemplary".

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2022-23 Career Technical Education Programs

Career Technical Education (CTE) brings together students, educators and employers to develop and strengthen the relationship between what's being taught in the classroom and its application in the workplace. The primary goal of the career technical education program is to prepare students for college and career readiness through career exploration and certifications. A series of courses grouped together integrate academic and technical training to provide students with a pathway to postsecondary education and careers. Community School students are provided opportunity for career experiences in career exploration and food handling and also are offered the opportunity to participate in Metro Education Career Technical Education and dual enrollment with community college partners. Community School students also benefit from work related experiences through work permits and opportunity for work experience coursework. Career Technical Education is a high priority for students enrolled in alternative education, and programming continues to evolve in both court and community schools.

2022-23 Career Technical Education (CTE) Participation

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parent/guardian involvement to support students' success in school is crucial and energetically solicited. The School Site Council works collaboratively with staff, students, and administration to assist in the development of the school plan and budget and to monitor student progress, and all parent/guardians are invited to meetings. Parent/guardians are also invited to quarterly Local Control Accountability Plan (LCAP) Parent Advisory Committee meetings and cafecitos (coffee) with the principal. Parents/guardians are included in student intake processes and multi-disciplinary team meetings.

Parents are encouraged to participate in parent conferences, parent training, and parent meetings. Administrators and counseling staff are in frequent contact with parents regarding student progress.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

Professional Development

Santa Clara County Community School teachers participate in 5 full days of professional development annually as a whole staff. In addition, staff members collaborate for a total of 4 hours per month minimum in formalized professional development. The Alternative Education Department uses data to drive decision-making and identify priorities. The current focus of the Alternative Education Department is to provide a solid academic program for students with support for English Learners and Students with Disabilities. In addition, the Alternative Education Department provides a focus on aligning instructional practices and student work through Professional Learning Communities. Other areas of professional development include a focus on Universal Design for Learning, Positive Behavior Intervention Supports (PBIS), and student engagement. Professional development is embedded in the work year and includes early release days on Wednesdays. Teachers are mentored by professional coaches in the areas of math, science, social studies, and ELA/ELD. Job alike teams meet to collaborate regarding career technical education and servicing students with disabilities. Teachers and staff are supported through data sharing, coaching, and peer collaboration.

This table displays the number of school days dedicated to staff development and continuous improvement.
