

Mathematics Instructional Materials Modules 2013

Description:

Customize your mathematics professional development to support the implementation of the new State-Board approved mathematics instructional programs. Districts can choose from a menu of eight mathematics modules in order to meet the needs of teachers. Modules are approximately three hours in length.

Mathematics Modules:

- Program Exploration
- Technology
- Universal Access
- 3-Phase Model Lesson
- Assessment
- Balance
- Looking at Standards
- Pacing and Planning

Cost:

- 1 Module: \$150.00 per participant
- 2 Modules: \$250.00 per participant
- 3 Modules: \$350.00 per participant

Scheduling:

Trainings will be scheduled on demand. Sessions require a minimum of 12 participants.
